

COMMERCIAL WALK-THROUGH ASSESSMENT

YOU'VE GOT THE POWER TO SAVE

Understand your power consumption through an energy efficiency assessment.

Our qualified advisors will work with you to identify a variety of ways your business can save power and save money on your power bill.

Eligibility

To be eligible for the Application Fee waiver under the Program, participants must:

- Have less than 500 total employees in their organization
- Have not be self-generating electrical power at their building under the Net Metering, Small Power Producers, PGPP programs, or generating power for non-export to the grid
- Have not received a Walk-through Assessment of your building in the previous 3 years
- Have not received funding from the provincial or federal governments for renewable or energy efficiency projects in the past 3 years, and,
- Manufacturing is not your primary use of power

What You Will Receive

- An on-site assessment of your building by an energy expert while maintaining COVID-19 protective protocols. A virtual assessment could be accommodated
- A detailed report on the power consumption of your facility
- A comparison of your consumption vs. similar facilities
- A list of the top opportunities for you to save

Benefits

- SaskPower has partnered with Natural

Resources Canada to provide no-cost energy assessments to eligible businesses up to March 31, 2021 or while funding is available

- Receive recommendations to help your business save money now and into the future
- Learn from an expert in commercial power efficiency
- Improve your understanding of how & where your facility consumes energy
- Learn about the top no-cost, low-cost and investment measures to improve your efficiency

How To Apply

1. Fill out and submit the application form, along with 14 months of your most recent natural gas bills.
2. We will contact you to confirm we received your application and discuss your eligibility.
3. Once we confirm you are eligible, you will be asked to submit your application fee.
4. SaskPower has partnered with Natural Resources Canada to provide no-cost Walk-through Energy Assessments. Application fee waived while funding remains available.
